## FOREWORD

This book was compiled from material found in the Public Record Office during the summer of 1957. Original reports sent to the Colonial Office from Virginia were first microfilmed, and then transcribed for publication. Some of the penmanship of the early part of the 18th Century was like copper plate, but some was very hard to decipher, and where the same name was often spelled in two different ways on the same page, the task was all the more difficult.

May the various lists of pioneer Virginians contained herein aid both genealogists, students of colonial history, and those who make a study of the evolution of names. In this event a part of my debt to other abstracters and compilers will have been paid.

Thanks are due the Staff at the Public Record Office for many heavy volumes carried to my desk, and for friendly assistance. Mrs. William Dabney Duke furnished valuable advice based upon her considerable experience in Virginia research. Mrs.Olive Sheridan being acquainted with old English names was especially suited to the secretarial duties she faithfully performed.

BY THE COMMITTEE. FOR EXAMINING CLAIMS TO LAND IN PAMUNKEY NECK, AND ON THE SOUTH SIDE OF BLACKWATER SWAMP, AND TO CONSIDER OF THE MOST PROPER MEANES TO SETTLE THE NORTHERN & SOUTHERN BOUNDS OF VIRGINIA. Dated June, 1699

The Queen of the Pamunkey Indians together with the great men belonging to the said Nation setting forth that, by Severall Orders of the Generall Court there was Granted unto them a considerable quantity of Land lyeing in Pamunkey Neck, which they have a long time possessed and enjoyed. And that by the Articles of Peace made at Middle Plantation the 29th May 1677 the sd. Land was then confirmed unto them, with a clause in the said Articles that a Patent should be granted to them as is usuall to other His Maj'ties Subjects, which Patent tho' often desired by the said Indians was never yet obtained. And the said Indians thereupon complaining that Ralph Wormeley Esqr. & others in Company of the Surveyor about the beginning of June 1694 upon the sd. Petitioners Land possest by them and within one mile of their Indian Town and in Severall other places of the said Land did enter, survey, and lay out severall considerable parcells of the Pet.'s Land to their great prejudice and breach of the said Articles of Peace. And which if suffered would of necessity drive the petitioners from off their now habitation, and praying redress and that a Patent may be granted them Pursuant to the said Articles.

The same being fully weighed & Considered by the Comittee and the great men of the sd. Pamunkey Indians and Robert Peasley, their interpreter, haveing appeared personally before us, upon full heareing of what they had further to allege and due Consideration had to the Articles of Peace and 136 Act of Assembly in the printed book in which the said Articles have relation, this Comittee conceived that the fourth paragraph in the said Articles of Peace Contained ought to be kept firme & inviolable, which paragraph is as followeth:-

That for prevention of the injuries and evill conseq'ts that may arise for the future by the Violent intrusion of diverse English into & upon the Land Granted to the said Indians by the aforesaid Articles to ye great disturbance of the Peace of this His Maj'ties Colony and involving it into crime & misery. It is concluded and established that noe English shall seat or plant nearer than within three miles of any Indian Town.

And thereupon this Committee doe report:-

1. That according to the Purport intent and true meaning thereof: No English whatsoever ought to seat, plant or possess any Land in Pamunkey Neck nearer than within three miles as aforesaid of the Town where the said Indians now inhabit, that being the place whereon they were seated at the time of the said Articles and on which they have ever since continued.

2. That the said Indians have not any power or authority by colour or pretext of the said Articles or any Law or Order whatsoever to sell, lease or let out any part or parcell of the said Land within the sd. bounds other than to the posterity of their own nation.

3. That the said Land to the said Indians so as aforesaid Granted and bonded by the said Articles of Peace should be adjudged and taken to be sufficient for their habitation and reserved Lands.

4. That it would conduce much to His Maj'ties service that all other Vacant Land in the said Pamunkey Neck be held of his Maj'tie, his heirs and successors by Patent as other Lands are held on.

And whereas severall parcells of Land were by the Pamunkey Indians for good & valuable consideration leased for Ninety Nine yeares to these severall persons hereafter named which Lands by an Order of Assembly held at James City the 25th April 1679 was granted to be confirmed unto them, and that they should have the priority and first grant thereof when the same came to the King's hands. Provided always that it should not be construed and taken to give them right to any Lands granted by patent or patents before the making of 136 Act of Assembly, viz:-

To Thomas Bell a parcell of land the quantity not mentioned

Mr. John Langston Six hundred acres of land

John Sexton assigned to James Turner a tract of land, quantity not mentioned

Peter Adams fifteen hundred acres of land

Ambrose Lipscome a tract, quantity not mentioned

Richard Yarborow, a tract, quantity not mentioned

George Smith six hundred acres of land

Upon due consideration whereof this Comittee doe conceive that the severall persons before named and all claimeing under them whose names are so many of them as appeared to lay their claims before this Comittee, hereafter are expressed pursuant to the P. Order of Assembly ought to be preferred before any others, viz:-

Thomas Comer his claims to one hundred acres of land in Pamunkey Neck, part of that leased to Peter Adams and by severall mean Conveyances come to his possession. As also six hundred & Seventy acres issueing out of severall former patents granted to severall persons and by sev'll mean Conveyances come to his possession.

But because it conduces much to the advancement of his Maj'ties Interest and the peopleing of this his Maj'ties Colony that the said lands should be held of the King as others, and because the severall persons claimeing thereby have their immediate dependance thereupon and have made severall improvements and have a long continued & uninterrupted possession, this Committee therefore conceived that (his Maj'ties grant to his Royall Colledge of William & Mary and other the former salvo's reserved) a favourable Grant thereof may be made to them in severally, Viz:-

Pamunkey Neck and Blackwater Land (Claims by Indians)

Drammaocho Mongy a chief Ruler of the CHICKAHOMONY INDIANS petitioned that severall lands in Pamunkey Neck should, by the Articles of Peace, May 1677 belong to them and that any sales they had made of these lands should be confirmed. This was refused by the Committee who said that only land within 3 miles of the Indian Town was Indian property and that any sales or leases made by them were null and void. Except that "what lands they hold from any of his Maj'ties subjects by Exchange shall be confirmed to them, viz. that they have in exchange from Arnold and Mallory" The Indians also claimed that they gave certain lands to Peter Ford and his wife for life and as the Fords were now dead the Indians should have the lands returned. The Comittee said that as the land was confirmed to Peter Ford by Sir Henry Chicheley and afterwards by the Lord Effingham and by the said Ford sold to Edmund Jenings Esqr. therefore the said Indians have no right nor title to it.

The OCCAHAMOCK INDIANS complained that having given permission to the English to enter their lands, the English had taken it over completely and would not allow the Indians to enter or to plant or fish. This, they said, was most unjust as these were their only means of living. The Committee promised to look into this and make redress "as shall seem meet"

The NANSEMOND INDIANS complained that the English intended to take possession of land between Blackwater & Nottaway River which they claimed was upon their old Town. The Committee found that the Indians had deserted this area several years previously and therefore had no claim to it, but that no English would be permitted to seat, plant or possess within 3 miles of where the Indians now lived.

The NOTTAWAY INDIANS complained that the TUSCORURO INDIANS often came into the upper parts of the country about Appamattu where the English gave them guns, powder and shot which enabled them to hunt upon and burn up the Nottaway's ground, spoiling their hunting and that the Tuscoruro trade with the English for rum etc. and then lose these goods by play and blame the Nottaways, thus causing friction between the Nottaways and the English. They asked that the English should be forbidden to enter their territory to avoid further trouble. His Excellency directed them to decide amongst themselves what bounds they desired and let him know through their Interpreter and as to the discords he would make redress on proof of these discords.

A List of Gentlemen Fitt to Supply Vacancies in Councell

Wm. Dandridge Esqr. Recomended by his Grace the Duke of Montagu, is an English Gent. of a plentiful fortune, and of many good qualities, & having the interest of so great a nobleman to back his pretensions, I place him first in this list.

John Custis Esqr. of a great estate in this Colony whose Ancestors have been of the Councell, he is little ally'd to any of the present Councellors, his many qualifications render him fit for that board.

**m's (Jam's)? Jones Esqr. is an English Gent. long residing here where hee has acquired a very considerable estate, he is ev'ry way qualified for the place, and has no affinity to any among the Councell.

(Hen)ry Armstead Esqr. ev'ry way qualified for being admitted among the Councell, I place him last, in expectation that one of the four Councellors now sitting, who are all nearly ally'd to him in blood, may dye before it comes to his turn

These are all I can think of att present fitt to bee recomended, they are persons of intire loyalty and affection to His Majestie, and I pray your Lds'pps to think this number sufficient to supply any vacancies that may speedily happen in the Councell.

(Signed) Hugh Drysdale

* George Home, George Hume. The name is written in both ways; one in the Virginia records, the other in English copies. However, the difference is not due to careless penmanship, as "Hume" is pronounced "Home" in Scotland; both refer to the same man, and the variation is a matter of phonetics.
